TORK SMARTONE FEATURES & BENEFITS

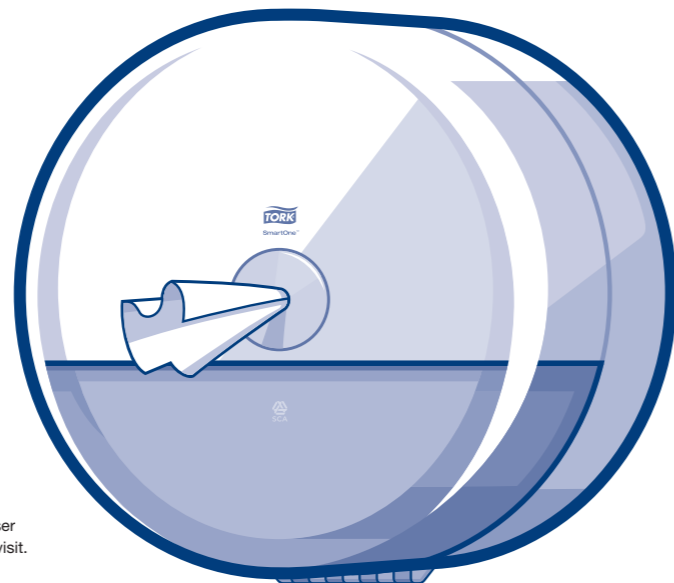

Tork SmartOne® key features

Reduce consumption

- Single-sheet dispensing helps reduce consumption by up to 40%*
- Centre-pull design eliminates waste from over-spin as in traditional jumbo-roll system
- Metal lock and key prevent roll pilferage

Save time

- Extra-high capacity, serves many visitors
- Every roll lasts longer, refill less often
- Tork Carrypack packaging makes carrying refills easier than ever
- Dual-setting lock on Elevation design dispensers allowing a choice on the level of dispenser security

*Statistics from internal research on 7,729 users in Europe. Traditional maxi jumbo dispenser vs. Tork SmartOne® Twin Mini dispenser. Reduction accounted in square meter used per visit.

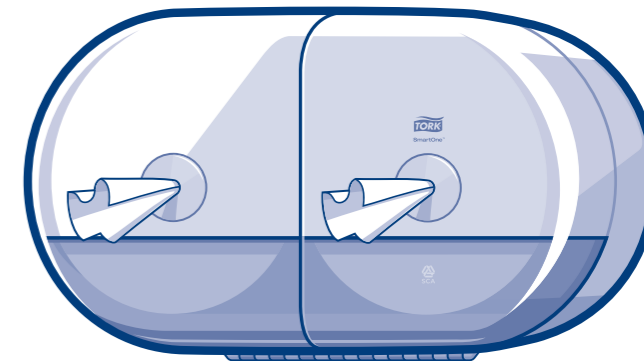

Tork SmartOne® key features

Improve hygiene

- Roll is fully protected, more hygienic
- Touch only the sheet you take, reduce risk of cross contamination
- Safe and tamperproof, removes risk of hidden items

Minimise hassle

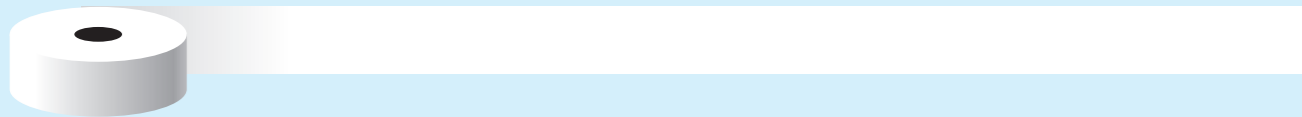

- Single-sheet dispensing, fewer pipe blockages
- Durable construction, resists vandalism in demanding environments
- Top-up-in-use facility with SmartOne Twin Mini

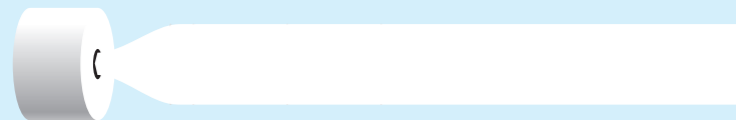

Waste less, use less

Average consumption per user

Jumbo Toilet Tissue

Tork SmartOne® Toilet Tissue

Reduce tissue consumption by up to **40%***

*Statistics from internal research on 7729 users in Europe. Traditional maxi jumbo dispenser vs. Tork SmartOne® Twin Mini dispenser. Reduction accounted in square meter used per visit. Maxi jumbo 13,6 dm², Tork SmartOne® Twin Mini: 8,2 dm².

Lower maintenance, less hassle

Average number of users per loaded dispenser

Jumbo Dispenser System

266 visitors

Tork SmartOne® Twin Mini Dispenser System

364 visitors

Tork SmartOne® allows **98** more visits than a traditional jumbo system*

*Statistics from internal research on 7729 users in Europe. Traditional maxi jumbo dispensers (380 m roll) vs. Tork SmartOne® Twin Mini dispenser. Tork SmartOne® Twin Mini lasts 37 % longer than the maxi jumbo roll (380 m).

Specific benefits for Healthcare

Reduce cross contamination

- The sheet you touch, is the sheet you use
- Hands cannot be placed inside the dispenser

Reduce waste

- When decontaminating rooms Tork SmartOne is completely closed, so it's easy to clean and you don't have to throw away the remainder of the roll

One-hand system

- Allows staff to use one hand to help patients, the other to dispense paper

Reduce risk

- The Tork SmartOne dispenser is tamperproof; no objects can be inserted (e.g. needles, reducing the risk and the cost of insurance in case of needle injury)

Specific benefits for Education

Cost-effective

- Avoid over-consumption. The single-sheet feature helps reduce consumption
- Fewer refills allow better use of maintenance time

Avoid blocked toilets/ sewer issues

- Core is removed before loading so cannot cause blockages
- Single sheet dispensing reduces the the amount of tissue used and therefore flushed into the system
- Paper disintegration time is excellent (less than 8 seconds)

Withstand vandalism

- Durable dispenser resists vandalism
- Fire resistant: tissue burns until reaching the nozzle only
- Locked system prevents pilferage

Improves hygiene

- Reduces potential cross contamination of diseases between children
- Avoid children placing hands inside dispensers

Specific benefits for high-traffic locations

Maintenance efficiency

- Extra-high capacity ensures paper lasts throughout intense, long-lasting events, e.g. football match or concert
- Tork SmartOne allows 340 visits, Tork SmartOne Twin Mini up to 364 visits
- For extremely high capacity demands, you can place two SmartOne systems side by side and allow for 680 visits

Cost-effective

- Avoid overconsumption. The single-sheet feature reduces paper usage
- Fewer refills allow better use of maintenance time

Avoid blocked toilets/ sewer issues

- Core is removed before loading so cannot cause blockages
- Single sheet dispensing reduces the the amount of tissue used and therefore flushed into the system
- Paper disintegration time is excellent (less than 8 seconds)

Withstand vandalism

- Durable dispenser resists vandalism
- Fire resistant: tissue burns until reaching the nozzle only
- Locked system prevents pilferage

Specific benefits for Horeca

Improved image

- Tork SmartOne supports a clean and caring image
- Single sheet dispensing helps reduce the amount of paper on the floor
- Tork SmartOne in Elevation design provides a co-ordinated design with the whole Elevation range for the washroom

Withstand vandalism

- Durable dispenser resists vandalism
- Fire resistant: tissue burns until reaching the nozzle only

Convenience

- SmartOne Mini available for smaller cubicles, whilst the Elevation SmartOne range has a reduced depth of only 156mm
- The transparent cover and long-lasting rolls results in easy maintenance, fewer refills and less waste

Avoid blocked toilets/ sewer issues

- Single sheet dispensing reduces the the amount of tissue used and therefore flushed into the system

New Carrypack solution for Tork SmartOne® refills

Easy to carry

Easy to store

Easy to open

When empty, use it as a bin

SmartCore®

No need to tear the core, simply grab the tail and pull!

Just pull!

Cleverly designed to improve efficiency

- Reduce consumption
- Save time
- Improve hygiene
- Minimise hassle

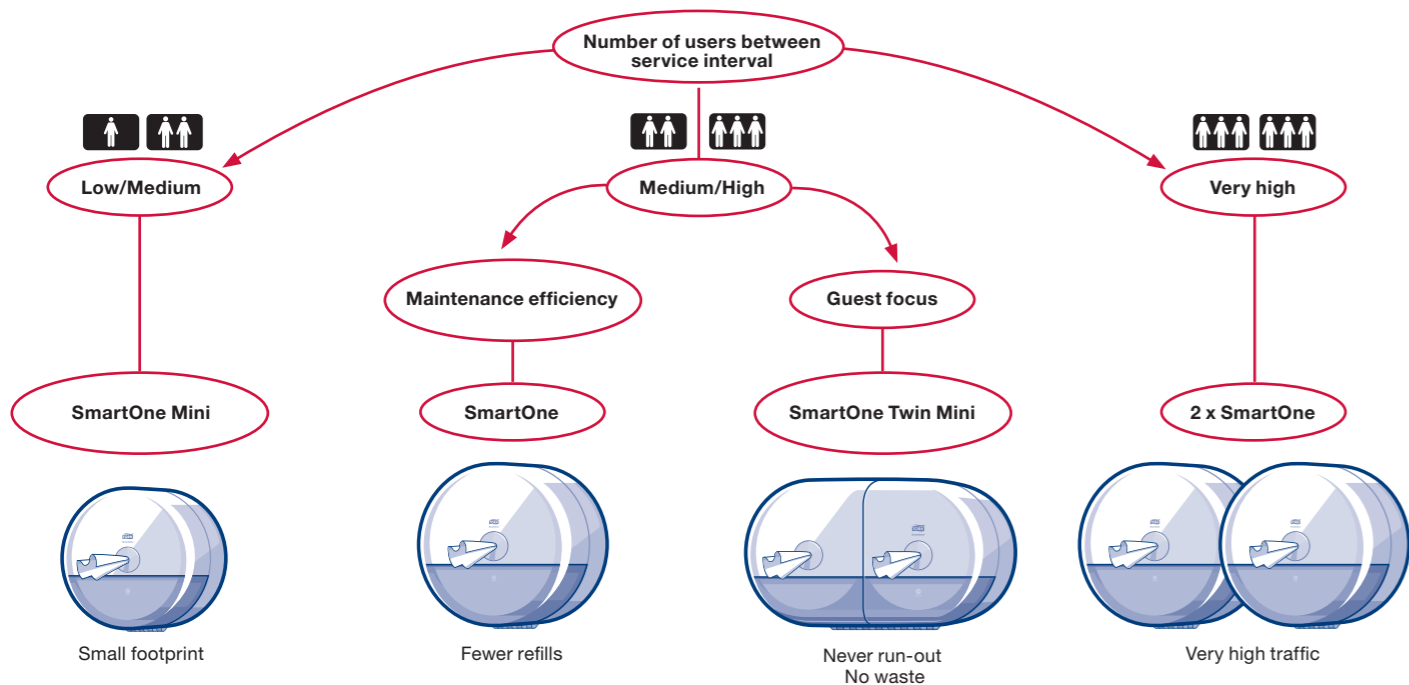

Look for the leaf

The printed Tork logo and leaf design are your guarantee of a Tork quality refill for the patented* Tork SmartOne® Toilet Roll system.

*Patent EP B 1 799 083

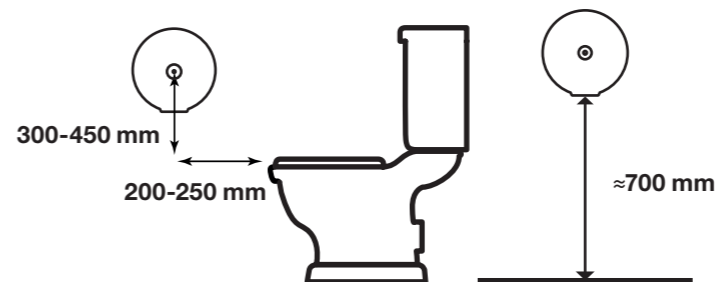

LOADING & INSTALLING

Choosing the right dispenser, for the right needs

Installation height is key for good dispensing

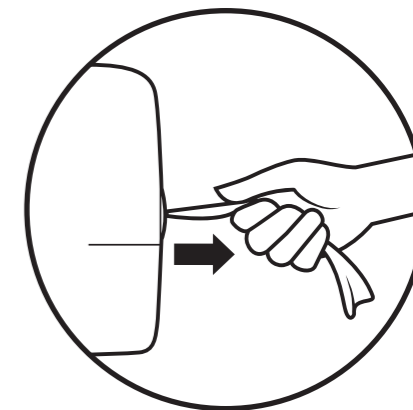

- Good installation helps ensure tissue is pulled straight

For maintenance:

- Do not open the dispenser to check the tissue level, use the translucent bottom part of the dispenser to see through

Pull straight!

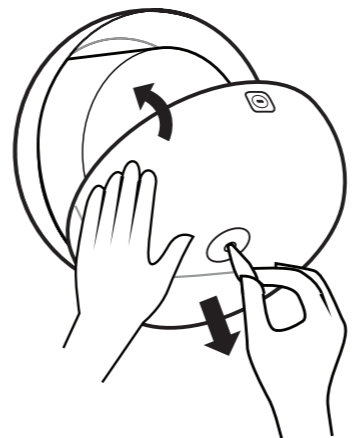

Sticker in each dispenser box

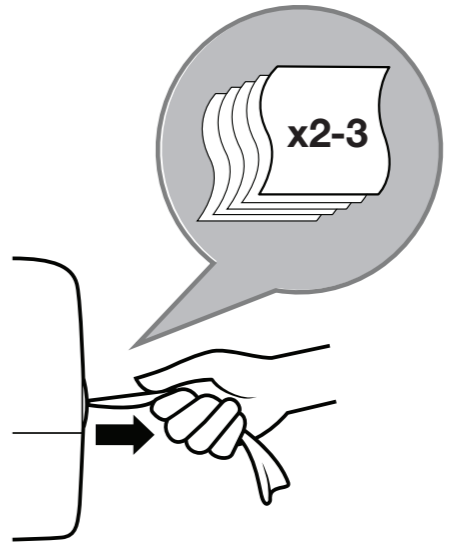

Important note:
Be sure to pull the paper whilst closing the dispenser

Pull, close, try!

Pull tissue when closing!

Try a few sheets after refill

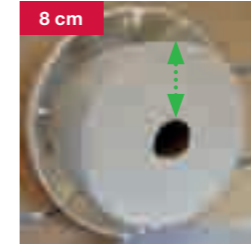

Sheets are not wasted as maintenance can clean the dispenser with them

Still a lot of capacity!

T8

8 cm, 1,150 sheets
= 207m / 339 visits

2 cm, 439 sheets
= 79m / 130 visits

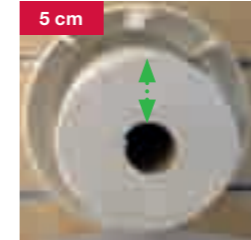

1 cm, 232 sheets
= 42m / 68 visits

0,5 cm, 119 sheets
= 21m / 35 visits

T9

Full roll: 5 cm, 620 sheets
= 112m / 182 visits

2 cm = 319 sheets
= 57m / 93 visits

1 cm = 172 sheets
= 31m / 51 visits

0.5 cm = 89 sheets
= 16m / 26 visits

CASE STUDIES

“The sealed dispensers mean we can now restock the school toilets without the risk of the rolls ending up in the toilets. This makes it more civilised for pupils to go to the loo again.”

Wiehl Primary School, Wiehl, Germany.

“We replaced the old jumbo rolls in all toilets. The new SmartOne[®] dispensers and the new type of paper, which is more easily dissolved, mean that we haven’t had any blocked toilets since.”

Tove Østergaard, Team leader, Camp Hverringe, North Funen, Denmark

“After a successful trial we installed the product across all student washrooms. We have saved on costs, as the reduced toilet paper consumption means we are no longer wasting money restocking.”

Ricky Thacker, Premises Manager at Mappleswells Primary in Nottingham

“The Tork SmartOne® Toilet Roll dispensers have helped us to achieve exactly the effect we wanted, providing us with an extremely safe and hygienic system whilst reducing waste and ultimately saving resources”

NHS Trust, England
